

# FACULTY OF PUBLIC HEALTH – J304124 FPH NHS Leaders

Methodology: ComRes interviewed 310 healthcare leaders and consultants between 22<sup>nd</sup> January and 18<sup>th</sup> February 2019. Data were weighted to be demographically representative of original sample file of healthcare leaders and consultants invited to participate, by region. ComRes is a member of the British Polling Council and abides by its rules.

All press releases or other publications must be checked with ComRes before use. ComRes requires 48 hours to check a press release unless otherwise agreed.

For information about commissioning research please contact <u>info@comresglobal.com</u> or call +44 (0)20 7871 8660.

| QS1. Which, if any, of the below describe your responsibilities in your professional role?<br>Base: All respondents   | 1    |
|---|------|
| Q1. Do you consider the prevention of ill-health to be part of your department's work?<br>Base: All respondents   | 3    |
| Q2_SUM. In your local area, what do you see as the NHS's current prevention priorities? SUMMARY TABLE   | 5    |
| Q2_1. In your local area, what do you see as the NHS's current prevention priorities? Addressing the wider determinants of health, e.g. air pollution or housing  | 7    |
| Q2_2. In your local area, what do you see as the NHS's current prevention priorities? Reducing health inequalities  | 9    |
| Q2_3. In your local area, what do you see as the NHS's current prevention priorities? Addressing common risk factors, e.g. smoking or alcohol<br>Base: All respondents  | . 11 |
| Q2_4. In your local area, what do you see as the NHS's current prevention priorities? Embedding prevention into clinical and/or patient pathways, e.g. diabetes prevention programme and cardiovascular disease prevention<br>Base: All respondents               | . 13 |
| Q2_5. In your local area, what do you see as the NHS's current prevention priorities? Targeting specific populations, e.g. healthy ageing or maternity  | . 15 |
| Q2_6. In your local area, what do you see as the NHS's current prevention priorities? Delivering a systems approach to prevention e.g. NHS organisations working effectively in partnerships within and outside of their organisation to deliver prevention       | . 17 |
| Q2_7. In your local area, what do you see as the NHS's current prevention priorities? Ensuring the NHS is a good employer, e.g. promoting NHS staff health and wellbeing  | . 19 |
| Q2_8. In your local area, what do you see as the NHS's current prevention priorities? Delivering universal prevention programmes, e.g. screening & vaccinations   | . 21 |
| Q2_9. In your local area, what do you see as the NHS's current prevention priorities? Embedding prevention into routine practice, e.g. make every contact count   | . 23 |
| Q2_10. In your local area, what do you see as the NHS's current prevention priorities? Other<br>Base: All respondents   | . 25 |
| Q3_SUM. And, in your local area, what do you think the NHS's prevention priorities should be? SUMMARY TABLE   | . 27 |
| Q3_1. And, in your local area, what do you think the NHS's prevention priorities should be? Addressing the wider determinants of health, e.g. air pollution or housing  | . 29 |
| Q3_2. And, in your local area, what do you think the NHS's prevention priorities should be? Reducing health inequalities  | . 31 |
| Q3_3. And, in your local area, what do you think the NHS's prevention priorities should be? Addressing common risk factors, e.g. smoking or alcohol   | . 33 |
| Q3_4. And, in your local area, what do you think the NHS's prevention priorities should be? Embedding prevention into clinical and/or patient pathways, e.g. diabetes prevention programme and cardiovascular disease prevention                                  | . 35 |
| Q3_5. And, in your local area, what do you think the NHS's prevention priorities should be? Targeting specific populations, e.g. healthy ageing or maternity<br>Base: All respondents   | . 37 |
| Q3_6. And, in your local area, what do you think the NHS's prevention priorities should be? Delivering a systems approach to prevention e.g. NHS organisations working effectively in partnerships within and outside of their organisation to deliver prevention | 39   |

| Q3_7. And, in your local area, what do you think the NHS's prevention priorities should be? Ensuring the NHS is a good employer, e.g. promoting NHS staff health and wellbeing<br>Base: All respondents   | . 41 |
|---|------|
| Q3_8. And, in your local area, what do you think the NHS's prevention priorities should be? Delivering universal prevention programmes, e.g. screening & vaccinations   | 43   |
| Q3_9. And, in your local area, what do you think the NHS's prevention priorities should be? Embedding prevention into routine practice, e.g. make every contact count   | . 45 |
| Q3_10. And, in your local area, what do you think the NHS's prevention priorities should be? Other  | 47   |
| Q4. How effective or ineffective do you think the NHS in your local area is at delivering its current prevention priorities?  | . 49 |
| Q5_SUM. Please tell us approximately: SUMMARY TABLE   | . 51 |
| Q5_1. Please tell us approximately: The percentage of your budget that is currently spent on ill-health prevention (if known)   | 52   |
| Q5_2. Please tell us approximately: The percentage of your budget that you think should be spent on ill health prevention   | 55   |
| Q6_SUM. To what extent do you agree or disagree with the following statements about NHS spending on prevention? SUMMARY TABLE   | . 57 |
| Q6_1. To what extent do you agree or disagree with the following statements about NHS spending on prevention? The NHS should spend more of its current budget on ill-health prevention at a national level (e.g. by reallocating current resource)  | 58   |
| Q6_2. To what extent do you agree or disagree with the following statements about NHS spending on prevention? The NHS should receive additional investment from Government for ill-health prevention at a national level  | 60   |
| Q6_3. To what extent do you agree or disagree with the following statements about NHS spending on prevention? Lack of funding is the main barrier to delivering better prevention at a local level  | 62   |
| Q6_4. To what extent do you agree or disagree with the following statements about NHS spending on prevention? Current funding is sufficient to deliver effective ill-health prevention at a local level   | 64   |
| Q7a. You mentioned that lack of funding is the main barrier to delivering better prevention at a local level. Which, if any, of the other factors below do you consider to besignificant barriers to delivering prevention?   | 66   |
| Q7. You mentioned that lack of funding is not the main barrier to delivering better prevention at a local level. Which, if any, of the other factors below do you consider to bethe main barriers to this?  | . 70 |
| Q8_SUM. From your perspective as an NHS leader, which of the following policy changes from national and/or local governments do you think would most benefit the health of your local population? Please choose your top five policy changes. SUMMARY TABLE   | 74   |
| Q8_1. From your perspective as an NHS leader, which of the following policy changes from national and/or local governments do you think would most benefit the health of your local population? Please choose your top five policy changes Implementing a tobacco industry levy to fund local authority smoking cessation services  | 77   |
| Q8_2. From your perspective as an NHS leader, which of the following policy changes from national and/or local governments do you think would most benefit the health of your local population? Please choose your top five policy changes Ensuring tobacco manufacturers commit to reformulating their product mix in favour of reduced risk products, e.g. banning non-menthol products | . 79 |
| Q8_3. From your perspective as an NHS leader, which of the following policy changes from national and/or local governments do you think would most benefit the health of your local population? Please choose your top five policy changes Introducing licensing restrictions on tobacco retail   | 81   |
| Q8_4. From your perspective as an NHS leader, which of the following policy changes from national and/or local governments do you think would most benefit the health of your local population? Please choose your top five policy changes Extending marketing restrictions   |      |

| to 'Smoking-related products' such as rolling paper<br>Base: All respondents  | 83  |
|---|-----|
| Q8_5. From your perspective as an NHS leader, which of the following policy changes from national and/or local governments do you think would most benefit the health of your local population? Please choose your top five policy changes Re-instating an annual increase in duty in line with inflation +2%   | 85  |
| Q8_6. From your perspective as an NHS leader, which of the following policy changes from national and/or local governments do you think would most benefit the health of your local population? Please choose your top five policy changes Reviewing the impact of Minimum Unit Pricing in Scotland with a view to implementing this policy   | 87  |
| Q8_7. From your perspective as an NHS leader, which of the following policy changes from national and/or local governments do you think would most benefit the health of your local population? Please choose your top five policy changes Restructuring the duty system to be proportional to alcoholic strength   | 89  |
| Q8_8. From your perspective as an NHS leader, which of the following policy changes from national and/or local governments do you think would most benefit the health of your local population? Please choose your top five policy changes Completing the existing reformulation programme  | 91  |
| Q8_9. From your perspective as an NHS leader, which of the following policy changes from national and/or local governments do you think would most benefit the health of your local population? Please choose your top five policy changes Adopting marketing restrictions set out in the Childhood Obesity Plan, chapter 2 e.g banning television advertising of high salt, sugar fat foods prior to the 9pm watershed | 93  |
| Q8_10. From your perspective as an NHS leader, which of the following policy changes from national and/or local governments do you think would most benefit the health of your local population? Please choose your top five policy changes Refining the Soft Drinks Industry Levy (SDIL) to include sugary milk-based drinks   | 95  |
| Q8_11. From your perspective as an NHS leader, which of the following policy changes from national and/or local governments do you think would most benefit the health of your local population? Please choose your top five policy changes Using planning legislation to limit the proliferation of fast food outlets in certain areas   | 97  |
| Q8_12. From your perspective as an NHS leader, which of the following policy changes from national and/or local governments do you think would most benefit the health of your local population? Please choose your top five policy changes Supporting local government and the NHS to improve access to weight management services, such as the Diabetes Prevention Programme  | 99  |
| Q8_13. From your perspective as an NHS leader, which of the following policy changes from national and/or local governments do you think would most benefit the health of your local population? Please choose your top five policy changes Following Brexit, reviewing the use of food subsidies and taxes to lower the price of fruit and vegetables and raise the price of junk food                                 | 101 |
| Q8_14. From your perspective as an NHS leader, which of the following policy changes from national and/or local governments do you think would most benefit the health of your local population? Please choose your top five policy changes Mandating the provision of drug and alcohol treatment by setting a minimum standard of provision as part of the ring-fenced public health grant conditions                  | 103 |
| Q8_15. From your perspective as an NHS leader, which of the following policy changes from national and/or local governments do you think would most benefit the health of your local population? Please choose your top five policy changes Funding more hepatitis nurses and testing equipment in drug treatment and other community services  | 106 |
| Q9. What should be the main areas of focus for the NHS going forward at a local or national level to encourage a greater focus on prevention?   | 109 |
| D1. In which region do you mainly work?<br>Base: All respondents  | 118 |
| D2_1. How long have you been a director or deputy director or clinical lead at your NHS Trust?<br>Base: All directors or deputy directors or clinical leads at an NHS Trust   | 122 |
| D2_2. How long have you been a decision-maker at a primary care level (e.g.GP Practice clinical lead)?<br>Base: All decision-makers at a primary care level (e.g.GP Practice clinical lead)   | 124 |
| D2_3. How long have you been a decision-maker at commissioning level?<br>Base: All decision-makers at commissioning level   | 126 |

| D2_4. How long have you been a clinical lead where you work (i.e. consultant level or equivalent)?<br>Base: All clinical leads where they work (i.e. consultant level or equivalent) | 128 |
|--|-----|
| D3. And which setting do you mainly work in?   | 130 |
| D4. Which of the following best describe(s) your specialist area, if any?<br>Base: All respondents   | 132 |

QS1. Which, if any, of the below describe your responsibilities in your professional role? Base: All respondents
