

NATIONALLY AVAILABLE TRAINING PLACEMENTS

'Nationally Available Training Placements' (NATP) offer Public Health Specialty Registrars (StRs) opportunities to acquire specific additional or contextual experience at a national level and develop specialist leadership knowledge and skills.

These placements will be listed on the Faculty website to signpost Registrars to these organisations. The local deanery processes for approval of a Registrar request for undertaking these placements apply.

The Faculty of Public Health will add placements to the list which will meet the following criteria.

Criteria:

The Placement must offer unique training opportunities which are not available locally

It is a GMC approved placement

The host organisation approves

Application is supported by the local heads of school / training programme director

The placement is Advertised to all registrars nationally with a fair selection process

PLEASE COMPLETE THE FORM IN BLOCK CAPITAL LETTERS

Please complete and return the signed form to educ@fph.org.uk. Please ensure that all sections are completed.

| | |
|--|-----------------------------|
| REGION/DEANERY | London – National Placement |
| IS THE PLACEMENT AVAILABLE EVERY YEAR ? | Yes |
| PLEASE PROVIDE DETAILS OF THE UNIQUE OPPORTUNITIES THIS PLACEMENT OFFER TO SPECIALTY REGISTRARS? | |
| <p>The UK Health Security (UKHSA) Health Equity and Inclusion Health (HEIH) Division provides a unique public health specialist training opportunity with a focus on health equity and inclusion in health protection at the national level. Uniquely in UKHSA, the HEIH Division addresses the range of health hazards facing vulnerable populations, settings and places, with a particular focus on Health and Justice, Adult Social Care and Inclusion Health.</p> <p>The division can host up to 4 public health training placements at any one time. Most specialist trainees come for placement of 6-12 months, with the option of flexible and home working placements. We are keen to encourage joint placements that span different service settings e.g, UKHSA Health Protection Team and HEIH, local government and HEIH.</p> <p>Successful applicants will need to discuss with their home deanery or local education and training board to find out their requirements.</p> <p>What training and experience does UKHSA HEI offer?</p> <p>A placement in HEI offers the opportunity to reduce inequalities and improve outcomes for some of the most vulnerable groups in society, including:</p> <ul style="list-style-type: none">• National health protection policy and guidance for high-risk settings and groups• National surveillance and epidemiological analysis• Research experience including involvement in peer-reviewed publications• National outbreak or incident management• Wide range of stakeholder engagement and partnership working with other Governmental Departments• Involvement in pilots or projects to build the evidence base <p>Placements are suitable for public health StRs who are:</p> <ul style="list-style-type: none">• On public health training programmes across the UK• In St3, St4 or St5 stage of training• Have completed the Diplomate and Membership FPH examinations• Have agreement from their Training Programme Director• Have a special interest in health equity or inclusion health, notably in health security work <p>Projects are available in the following teams within HEI:</p> <ul style="list-style-type: none">• Health and Justice (including prisons and other places of detention)• Inclusion Health (including homeless, asylum, sex workers, people who inject drugs, Gypsy Roma travellers, Coastal and other poorly-served populations)• Adult Social Care (care homes, supported living, domiciliary care, informal and unpaid care)• Health Equity Strategy | |

Some examples of projects StRs have been involved in:

- Leading a multi-site cross sectional screening pilot for latent tuberculosis in prison settings
- Leading the formation of a national UKHSA action plan in response to the asylum crisis at RAF Manston
- Leading the refresh and relaunch of the TB toolkit for inclusion health populations
- Designing and undertaking qualitative research to understand what works for sexual health messaging amongst LGBTQ+ inclusion health groups

Trainees will be based in the Health Equity and Inclusion Division. However, there may be opportunities to work with other UKHSA teams dependent on projects agreed with the Educational Supervisor.

EQUAL ACCESS ARRANGEMENTS (Please explain how you would ensure this placement is accessible to all suitable trainees across the UK)

UKHSA Health Equity and Inclusion Division supports remote and hybrid working so trainees can join from all locations. Some travel to London or other locations may be advantageous and will be discussed with trainees on application. HEIH also supports flexible working as per existing arrangements, as well as part time and split placements. There is no out of hours requirement for the post and trainees may stay on existing regional health protection on call rotas as agreed with their training programme.

There will be two rounds of placement applications per year. If more applications are received than placements available, then placements will be offered based on a competitive interview process. Trainees should contact the placement to receive details on the next proposed recruitment round.

| Costs | Who is responsible for costs (please 'X' the appropriate section) | | |
|---|---|------------------|---------|
| | Placement Provider | Deanery/Employer | Trainee |
| Basic salary costs | | X | |

| Who will be responsible for Health & Safety at work? | x | | |
| Who authorises study leave? How much time is allowed? | x | x | |
| Who funds study leave expenses? | | X Depending on individual Deanery's policy | |

SECTION 3: PROJECT DETAILS

PLEASE PROVIDE OR ATTACH A BRIEF DESCRIPTION OF PROJECT/S .

We will always aim to develop projects in line with registrar needs and interests; however, on occasion business needs must take priority over registrar interests. However, the types of project/competencies registrars can typically expect to achieve for vulnerable groups and health equity include:

- Health Needs Assessment
- Evaluation
- Strategy design
- Development of business cases
- Development of national guidance
- Engagement with communities and service users
- Literature reviews and associated publication
- Development and analysis of surveillance data
- Identification of models of good practice
- Involvement in incident response
- Working across other Government departments
